ABOUT ME

FRONT-END DEVELOPER

I am a front-end developer with 2.9+ years of experience in building responsive web applications. Proficient in HTML, CSS, and JavaScript, I specialize in React and Tailwind CSS, focusing on user experience and performance optimization. Experienced in state management with Redux

WORK EXPERIENCE

PREFORTUNE SOFTWEB SOLUTION | FRONT-END DEVELOPER

Dec 2021 - Feb 2024 | Rajkot, Gujarat

PROJECT:- [sky-tours.com](#)

REACT | HTML | CSS | TAILWIND CSS | REDUX

- Developed a Barcelona-based flight-booking website that allows customers can search for flights by departure and destination cities, travel dates, passenger details, and class of service.
- Integrate APIs to connect the front end with back-end services for real-time flight data, user info, and booking details.
- Implement responsive design to ensure the website performs optimally on desktops, tablets, and mobile phones.
- Optimize application performance by reducing load times, compressing images, and using lazy loading for components.
- Use Git for version control to track changes during development.

PREFORTUNE SOFTWEB SOLUTION | FRONT-END DEVELOPER INTERN |

PROJECT:-- [ERA OF TRAVEL](#)

May 2021 - Nov 2021 | Rajkot, Gujarat

HTML | CSS | BOOTSTRAP | JQUERY | JAVASCRIPT

- Developed a membership-based organization designed for travel agents. It provides resources and support to help independent travel agents grow their businesses by negotiating special rates, promotions, and increased commissions.
- Building a responsive design for a homepage and member login page involves using HTML, CSS, and possibly JavaScript for interactivity

PERSONAL PROJECT

E-COMMERCE WEBPAGE | [Project.Link](#)

- *Technical Skills:-* Vite-React | HTML | CSS | Tailwind CSS | AOS npm | React-Icons npm |
I develop responsive websites using these technologies to enhance user experience across various devices.
- Developed the dark mode feature to enhance user engagement.
- Performed cross-browser testing to ensure compatibility and responsiveness, resolving issues to improve the user experience.
- Use Git for version control to track changes during development.

FLIGHT-BOOKING WEBPAGE | [Project.Link](#)

- *Technical Skills:-* Vite-React | HTML | CSS | JavaScript | Tailwind CSS | Redux |
I develop responsive websites using these technologies to enhance user experience across various devices.
- Developed a flight booking page that allows customers can search for flights by departure and destination cities, travel dates, passenger details, and class of service.
- Designed the application architecture to manage user input, search results, and form state efficiently using Redux.
